January 2013

December Meeting:

The December meeting was hosted by Hydro-Chem Systems Inc, with an excellent presentation by David Presley on their highly effective and adaptable vehicle wash systems. Thank you for the great presentation.

January Meeting:

This month's meeting will be hosted by Krown Rust Control, with an informative presentation by Freeman Young on the benefits of using a rust proofing product which displaces moisture and treats the metal it covers, versus a coating which traps moisture and accelerates corrosion. He will also discuss the importance of proper vehicle cleaning using Krown's Salt Eliminator.
