It is through the collaborative relationships that we build with one another that we transform challenges into opportunities.

September 2016

June Meeting:

The June meeting hosted by Krown Rust Control at Vernon Erb's farm. Morgan Freeman shared that Krown is in 120 countries with 130 stores in Canada. We learned that a "good product-good service" is what drives the Krown brand. We learned that product is non-toxic and non-flammable. Call Krown for info on new product MR 35 a salt inhibitor wash that removes salt. Morgan you are a Canadian inspiration!

Vernon Erb shared about the humble beginnings of Erb Transport and the beginnings of TMTA. Another Canadian success story right here in our back yard!! Thanks Vernon and family members that made this meeting a highlight of year!

September Meeting:

Our returning September meeting sponsor HENDRICKSON is the leading global manufacturer and supplier of medium and heavy-duty mechanical, elastomeric and air suspensions; integrated and non-integrated axle systems; parabolic and multi-leaf springs and an industry leading tire inflation system for the global commercial transportation industry. We are pleased to have Richard Larocque Regional Service Manager who will be going over recommended maintenance procedures for both truck and trailer suspensions as well as the Tiremax Pro tire inflation system maintenance procedures as the primary presenter.
