## September 2017

### June Meeting:

The June meeting was hosted by Shaw tracking. It was an informative meeting where we learned how a Canadian company with over 700 customers improves operational efficiencies and fuel management.

### September Meeting:

Our September meeting sponsor is **Maxwell Technologies**. Come and learn the top 10 reasons for the ultracapacitor-based Engine Start Module (ESM). Rugged, lightweight and low maintenance, the ESM provides consistent, reliable diesel engine cranking performance for hundreds of thousands of starts.\* The ESM takes over all diesel engine cranking, delivering fast, reliable starts, anytime.

### New Members:

Please help us welcome Matt Boulten (SWS-Safety Warning Specialists) and Varinder Jandu (Schneider National).
