November 2012

October Meeting:

The October meeting was host to another fantastic trade show. A special thank you to all of our industry supporters and their highly informative displays. Thank you to Mark Polland and Doug Bannon for the great work they did in putting the show together.

November Meeting:

This month's meeting will be hosted by IMT a major manufacturer and supplier to the truck-trailer, OEM, and Defense industries. As well Drop Forge, a division of IMT, which supplies hot forged components to both IMT and industry in general. IMT will share with us their current products as well as current project innovations, and how they fit into spiff, and industry in general. This should be a highly informative meeting.
