March Meeting:

The March meeting was hosted by Transit Lubricants. Terry Pitcher discussed fuel efficiency and by 2020 will be 40% better for Phase 1, and Phase 2 from 2020-2030 another 20% improvement. We learned about what classes of oils are backwards compatible and which are not. If there are any questions contact Terry Pitcher at: tpitcher@chevron.com or Trevor Fenion at tfenlon@transitlubes.com. Info can also be found at www.PC-11explained.com. Thanks Terry for a very informative meeting.
